### **What is the WACPAC?**

WACPAC is a recreational fisherman supported Political Action Committee that provides funding for candidates for state legislative and state-wide political office in Washington State. Recipients of PAC funds are selected based on their willingness to listen to our message and share our vision of Conserving our State's Marine Resources. WACPAC is committed to making Washington a world class fishery by restoring our wild Salmon & Steelhead runs and protecting our sturgeon, bottom fish and crab.

### **Get Involved!**

To keep marine conservation issues in the forefront of legislative attention, we must remain vigilant in our fight by supporting candidates who are predisposed to supporting our issues. Your participation in WACPAC is an important tool in this effort.

### **How Can You Help!**

Donate Today! Through your contribution, we are able to pool our resources and unite recreational anglers and others to support the best qualified, pro-recreational angler and marine conservation candidates for state office. Let your voice be heard by joining WACPAC today!
